ABOUT US

Jiangxi Hefeng Intelligent Machinery Co., Ltd. was established on November 14, 2012, and is located in Jinchao Economic Development Zone, Wenchang Avenue, Fuzhou City, Jiangxi Province, China. Covering an area of 11016.26 square meters, we are a professional manufacturer specializing in the production of diesel engine pumps, hydraulic power machinery, and automotive components.

Committed to technological innovation and high-quality production, our main products include cam rings, eccentric rings (liners), steel blades, gear pumps, blade pump assemblies, rotor assemblies, and more. These products are widely used in various industrial and commercial sectors.

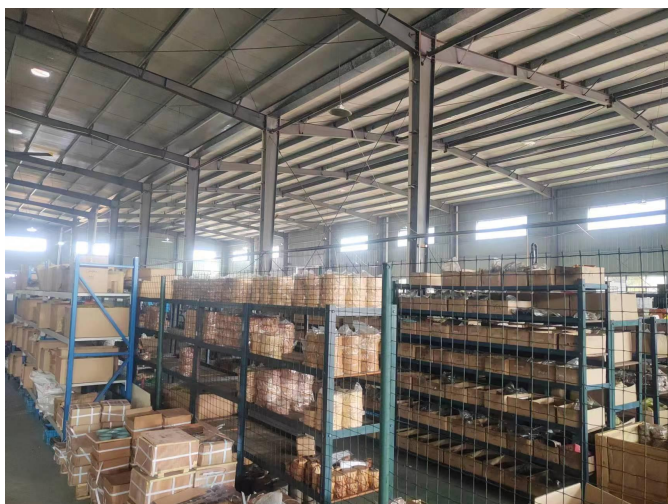

Having served over 300 overseas clients, our customer base is primarily concentrated in the Middle East, Africa, South America, and Southeast Asia. With outstanding product quality and services, the company has earned a solid reputation in the international market.

To ensure product quality and production efficiency, our company is equipped with nearly 40 advanced production devices, including several coordinate measuring machines, Qinchuan double-grinding surface grinders, Taiwan Youjia processing centers, Taiwan Lichi processing centers, and high-performance CNC lathes with automatic loading and unloading systems. In 2023, to further enhance our machining capabilities, we have acquired SKF's high-precision double-end surface grinder.

Adhering to the principles of "quality first, customer foremost," Jiangxi Hefeng Intelligent Machinery Co., Ltd. will continue to focus on technological innovation and product optimization, aiming to provide customers with high-quality mechanical products and become a leading enterprise in the international market. We welcome cooperation with clients both domestic and abroad to achieve mutual success.
